ARCTIC COOLING Webshop Opens Today! A New Shopping Platform for ARCTIC COOLING Users Worldwide

(Pfäffikon/Switzerland, 7 October 2009) The Swiss low noise cooling solution provider ARCTIC COOLING today announced the launch of a new [Webshop](http://www.arctic-cooling.com/webshop), offering a user-friendly and convenient online shopping experience for ARCTIC COOLING users.

<http://www.arctic-cooling.com/webshop>

Better services to everyone

This Webshop is a practical tool for ARCTIC COOLING customers. Whether you are in Europe, Northern or Southern America, Asia or Australia, you can purchase high-quality ARCTIC COOLING products by just a few clicks, 24/7, all year round.

User-friendly Webshop interface

Same as the company website, products are categorized by function – CPU cooler, VGA cooler, case fan, PC case, PSU, accessories and spare parts. Users will find the most suitable products without any hassles.

A wide range of spare parts are available for users who would like to replace components of their existing ARCTIC COOLING products. From spare fans for both VGA and CPU coolers, to thermal pads in different sizes, customers can buy them now online at a reasonable price, and continue to enjoy the cool and quietness brought by ARCTIC COOLING.

Efficient delivery guaranteed

To give the best services to customers, orders are guaranteed to be handled within two working days. They are sent by registered mail with a tracking number for customers to trace the delivery status online.

Highly secured Webshop

All financial information transmitted at the ARCTIC COOLING Webshop is encrypted by 256-bit SSL-connection, which is currently the highest security level for online shopping. Moreover, all payment procedures are done within the Webshop. Customers stay on the Webshop from start to finish, eliminating any confusion caused during the shopping experience.

Explore the cool online shop by ARCTIC COOLING today!
