

WE LOOK FOR YOU!

WE are a dynamic, innovative and fast growing manufacturer of computer cooling equipment, CPU and GPU coolers, PC case fans, power supplies and PC cases. Based in Switzerland, Hong Kong and the USA, we would like high calibre candidates like **YOU** to join our team in Hong Kong.

Currently, we are inviting applicants to apply for following position:

CAD Drawer / Mechanical Engineer

YOU will be responsible for a range of 3D drawing tasks in the area of products and packaging. You will have the opportunity to use and build up further knowledge in sheet metal and plastic injection designs. You take different materials, cost and feasibility into account.

YOU are proficient in using Pro E. With your mature 'can do' approach you easily manage to implement ideas from theory into practice. Even when under pressure, you like to work thoroughly and apply your analytical skills. You feel comfortable communicating in English with your suppliers and colleagues.

WE offer a modern office environment located in the heart of the Cyberport, a young team of energetic Chinese and European staff, an attractive remuneration package including performance based bonus, 5-day week, flat flexible organized hierarchy and excellent opportunities to further develop your professional skills and career.

If you are interested, please send your resume in specifying your availability, current and expected salaries to: jobs@arctic-cooling.com.

All applications will be treated in strict confidence and for recruitment purposes only.
